Viewer requirements

Official Second Life Viewer 2.x-3.x or any Second Life viewer with Javascript enabled media texture.

(Official Viewer Recommended)

Update history

V. 1.0.2

SLEOCi Object

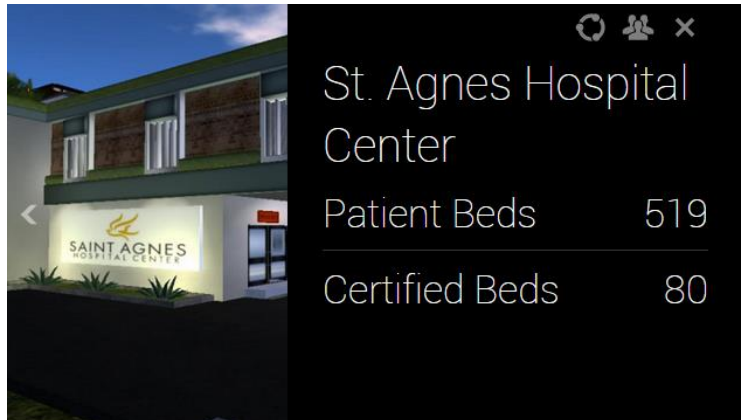

- Script now generates listen channel at startup to avoid channel collision with other LSL scripts.
- Added new documentation link to dialog menu.
- Fixed some menu text display.

Getting started

SETTING UP YOUR OBJECT

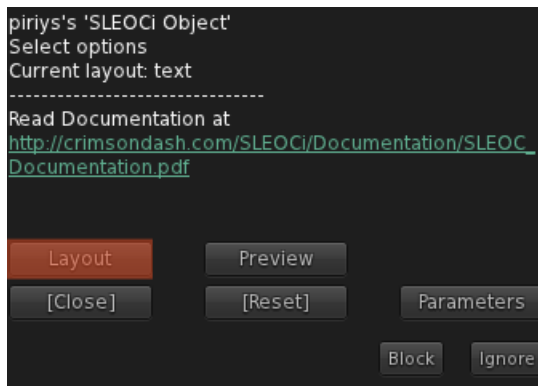

1. Download SLEOCi Object script from [GitHub](#) or get it with starter kit from [Second Life Marketplace](#) for no cost.
2. Drag and drop SLEOCi Object script into an object.
3. Start the script by clicking on "Running" checkbox in your script window.
4. Click and hold on your object for 2 seconds to bring up setup menu.
5. Preview the card by selecting "Preview" on the dialog menu.
6. Bring up your nearby chat history by pressing [ctrl + h], then click on "Card Preview" to open card preview in web browser.

Customizing your card content

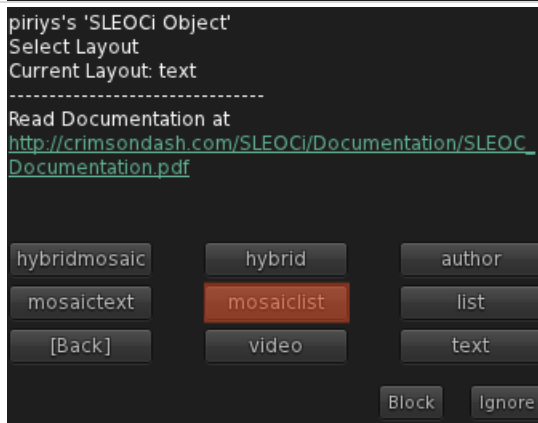

In this tutorial, we will customize our card content to be the same as the card above.

SELECTING LAYOUT

1. We start with selecting the card layout. Select the "Layout" option in the dialog menu.

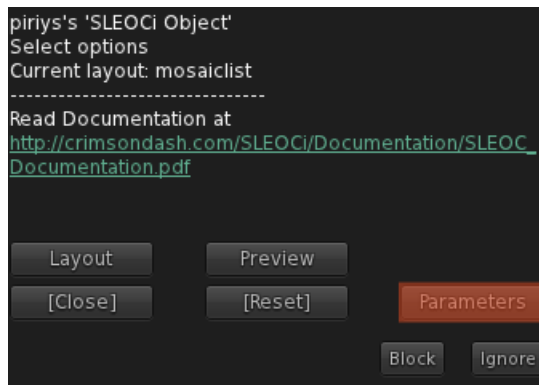

2. Select "mosaiclist" in the dialog menu (see Layouts and Parameters section in this documentation for preview of other layouts).

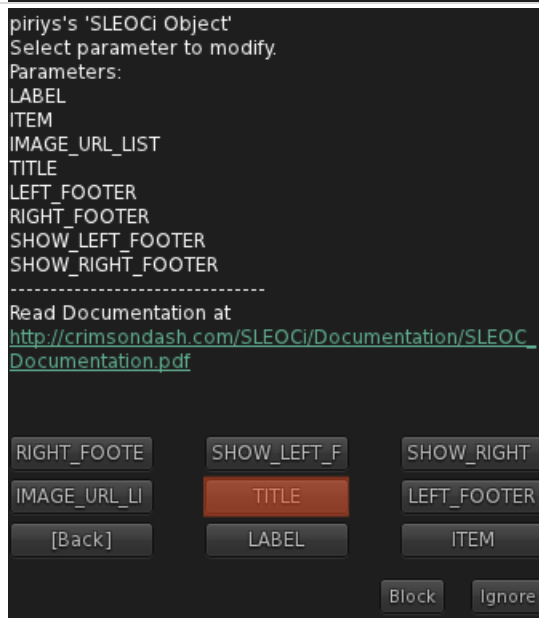

SLEOCi Documentation

EDITING STRING PARAMETERS

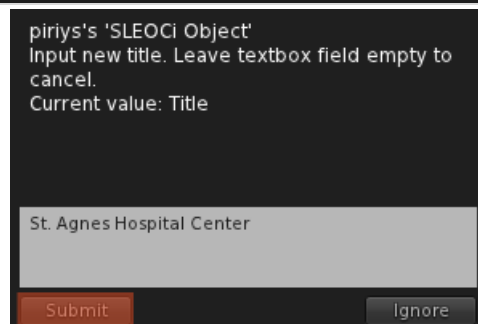

1. Select "[Back]" to go back to main menu.

2. Select "Parameters" in the dialog menu.

3. Select "Title" in the dialog menu.

4. A textbox menu will pop up. Type in "St. Agnes Hospital Center", then click "Submit".

EDITING LIST PARAMETERS

1. Select "Label" in the dialog menu.
2. We will remove all the default parameters in the list. Select "[Delete]" in the dialog menu.
3. Select a number in the list that represents the item you want to delete.
4. Repeat step 2-3 until all the default parameters in the list are deleted. Select "Back" in the dialog menu.
5. Select "[Add]" in the dialog menu.
6. A textbox menu will pop up. Type in "Patient Beds", then click "Submit".
7. Repeat step 5-6 but type in "Certified Beds" instead.
8. Select "[Back]" in the dialog menu.
9. Select "ITEM" in the dialog menu.
10. Repeat step 2-3 to remove all the default parameters in the list, then follow step 5-6 and add "519" and "80" into the ITEM list.
11. Select "[Back]" in the dialog menu.
12. Select "IMAGE_URL_LIST" in the dialog menu.
13. Repeat step 2-3 to remove all the default parameters in the list, then follow step 5-6 and add an image url, http://crimsondash.com/SLEOCi/Documentation/parameter_tutorial_image.jpg, into the IMAGE_URL_LIST list.

HIDING FOOTER CONTENT

1. Select "[Back]" in the dialog menu to go back to Parameters menu.
2. Select "SHOW_LEFT_FOOTER" in the dialog menu.
3. Select "Hide" in the dialog menu.
4. Select "[Back]" in the dialog menu.
5. Select "SHOW_RIGHT_FOOTER" in the dialog menu.
6. Select "Hide" in the dialog menu.

TESTING YOUR CARD

1. Navigate to your inventory window and find SLEOCi HUD in your starter kit folder.
2. Attach the HUD (Head-Up Display) to your avatar by right click on the name then select 'Add'.
3. Start the HUD by clicking on it. Your HUD should display "EOCi Emergency Operations Center Interface" for a few seconds then switch to a team screen. If nothing happens, please refer to the troubleshooting section of this documentation.
4. Click on the object you made from previous step. Your HUD should now load a card you customized.

Collaboration

JOINING TEAM

1. Navigate to your team window on the HUD by clicking on team icon  on the top right corner of the screen.
2. Select a team that you wish to join.

SHARING CARD TO OTHER TEAM MEMBERS

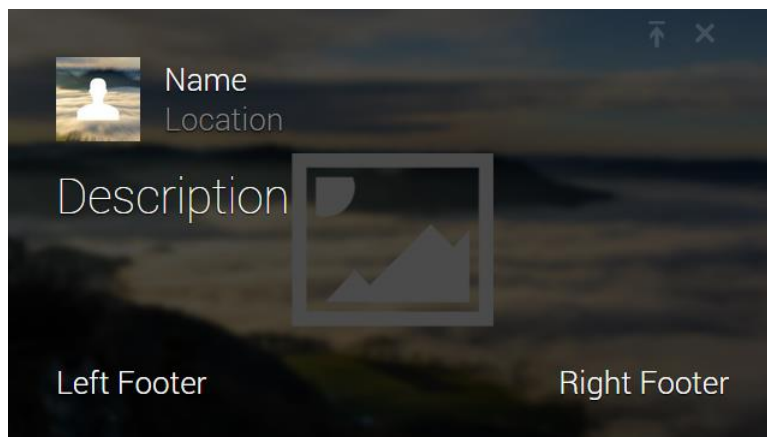

1. Navigate to a card you wish to share with your team members.
2. Click on share icon  on the top right corner of the screen.
3. The card you are currently viewing will be sent to all team members.

Layouts and parameters

DEFAULT PARAMETERS

PARAMETER	TYPE	DEFAULT VALUE	DESCRIPTION
SHOW_FOOTER_LEFT	String	show	Set to true to show text in bottom left corner of a card.

PARAMETER	TYPE	DEFAULT VALUE	DESCRIPTION
TITLE	String	Title	Main card title.
DESCRIPTION	String	Description	Main card text content.

Troubleshooting

NOTHING HAPPENS AFTER I CLICKED ON "ENABLE MEDIA AND CLICK HERE TO START" ON THE HUD

- Enable media texture in Preference settings. To do this, press [ctrl + p] or go to [Me -> Preferences] menu in top right corner of your viewer to bring up Preference settings window.
- Navigate to "Sound & Media" tab on right side of your Preference settings window.
- Make sure "Allow Media to auto-play" checkbox is checked.

MY HUD STAYS ON THE FIRST CARD AND I CANNOT NAVIGATE TO THE TEAM WINDOW.

- Make sure you have the latest version of Official Second Life Viewer installed.
- Load content into your HUD by finding and clicking on SLEOCi Object.
